NOTICE TO SCHOOL AUTHORITIES

Leaving Certificate Examination 2021

Technology – Coursework

The accompanying *Instructions to Candidates* provides clarification to all candidates of the procedures to be followed in the selection and execution of Student Coursework for **Technology**, Leaving Certificate Examination 2021.

In the interest of inter-candidate equity, it is required that each candidate submits a separate and distinct project for the purposes of assessment.

The Coursework must be available for assessment by Friday 26th March, 2021.

When the coursework is completed it will be retained in the school and marked over a period of about a week or so in June 2021 by assistant examiners appointed by the Commission. The work of the assistant examiners will be monitored by a panel of external examiners appointed by the Commission.

Storage of design tasks:

On completion of the design task, school authorities should ensure that the finished artefact and design folder are kept in a safe place under lock and key until the examining process (including appeals) has concluded.

The assistance of School Authorities and teachers of Technology in maintaining the integrity of the assessment process is very much appreciated by the State Examinations Commission.

Please ensure that this notice is brought to the attention of the teachers of Leaving Certificate Technology and that **each candidate** obtains a copy of the enclosed *Instructions to Candidates*.
